The New Year

January 2023 - No 163

Bainton Beacon

A newsletter for residents of Bainton & Neswick
Edited by Dave Walford and Paul Brierley

HAPPY NEW YEAR

As we conclude 2022, we reflect on another extraordinary year: three Prime Ministers, two Monarchs, record high temperatures and the first prolonged cold spell of frost for a decade. This is all on top of Covid-19 still being active, very high numbers of flu and inflation also hitting heights not recorded for many years.

Crisis what crisis: we're British, so we'll take it all in our stride, that is if we don't listen to the national media telling us how bad it all is and how many handouts we should be seeking! Pull together, look out for your neighbours & as always, we'll get through it all & look forward to 2023 with some excitement & enthusiasm. Happy New Year everyone!

Many of the village groups held successful Christmas events, with the Social Committee's Christmas meal at The Star, North Dalton, a great success. A full programme of events will be revealed next month.

Pictured right are some of the 22 residents enjoying their four course Christmas lunch & drinks.

The last meeting had two of our ERYC ward councillors in attendance, so the opportunity was used to raise many highways, street cleaning & drainage issues.

Bainton Activity Diary - continued

Bainton Belles. *Sue Briggs - 217293.*

Hi all! Me again we had a great time down in the Village Hall, last month it was our Christmas Party and good fun was had by all, we did a guessing game on YouTube with lots of Christmas Song's there seemed to be quite a few we didn't recognise we think they must have been American! or maybe we just weren't that good, but it was funny anyway. Then everyone had brought food to share so there certainly was lots to nibble and the mulled wine was flowing and very nice too.

So next month it's our meeting on the 4th Jan at 7pm weather depending we will be sorting our year out so keep thinking ladies.

I'm Sue and my number is 217293 if you would like to know more about our group. A Very Happy New Year to all.

Ladies Keep Fit Group.

Motivational Mondays and Fire-Up Fridays 11am till 1pm in the Village Hall

Would you like to get a bit fitter in 2023 & tone up with us. You may think that this group is not for you. "I can't do exercise" is a common misconception. Fitness & age is no barrier. Our current members range in age from 50 up to 80+ & we do routines from YouTube videos on our wonderful village hall TV. All routines that we do can be moderated to suit individual fitness levels & can be carried out standing or seated. We include cardio fitness, strength building, toning & exercises for balance & arthritis relief.

For 2023 we would like to invite you to join us in a different way. The two-hour sessions will be divided into four half-hour parts. For the first half hour, we will do cardio routines (standing or seated) to get us motivated & warmed up. Then we will do half an hour of toning/strength routines (light, medium or heavy weights are also available), followed by chair exercises for everyone. We will then finish with some TaiChi/Qigong or mat work. There is a nominal charge of £2 & you can either stay for the whole two hours, or come for any portion that you feel would be beneficial. The choice is yours. All equipment is provided; we have exercise mats, weights, resistance bands and even steppers for when we feel really fit!

We are such a friendly bunch & motivate each other to do the very best we can, but we are not gym bunnies, just a group of ladies trying to keep as mobile as we can for as long as possible. There is never any pressure, but a few laughs along the way are guaranteed.

Remember, every Monday & Friday 11am-1pm. We'd love to see you!

Bainton Millennium Lunch Club. *Sue Briggs on 217293.*

Millennium Lunches are the first Wednesday of the month through the winter and spring until March. Please let us know if you intend to come, my number is 01377 217293. Please leave a message if I'm out.

Green Lane Closure. All motorists are reminded that Green Lane is closed to ALL motorised vehicles and this includes scrambling bikes and quad bikes, that have been repeatedly observed along the lane. Further damage has been done by 4x4 drivers, wrecking more of the trees, exacerbating the ruts & trashing a nature box placed by children from our village. Police are trying to trace the culprits from information handed over. There are few words to describe these parasites that are not fit to have a vehicle.

Footpaths obstructions! Please ensure your garden is kept in good order, as it is an offence to obstruct the public highway. Also do not blow your garden leaves onto the public highway, as this can be construed as fly tipping! Try to keep gullies cleared of leaf fall, as this can create local flooding issues. Look at your front garden, are you still an offender?

A bit of Christmas Magic.....

The carol service was held on the 17th Dec. The medieval setting of St. Andrews Church, decorated with greenery, flowers, Christmas trees and lit with candles, gave a beautiful atmospheric start to the festive period.

In the Bleak Midwinter!

Carols were sung around the village on the 12th Dec. 12 of us gathered in very chilly conditions (ice everywhere). The lure of a mulled wine supper kept us going and we managed to sing for almost two hours. Thanks to everyone for the generous contributions. Final total is almost £150 and will be split three ways. Big thanks to Liz for organising the refreshments.

The Star Inn. This fully refurbished public house & restaurant at North Dalton are now open for booking seven days a week & look forward to welcoming residents from Bainton and Neswick.

Wolds Village. Please see information on page 8 for revised facilities.

Covid-19 & Flu Virus. Please take every precaution to avoid infection, as a number of cases of both flu & Covid-19 are active so make sure you have your booster & flu jabs to protect all your family, friends & the NHS.

Please be a good Bainton neighbour and look out for others through 2023.

Please note: All details are correct at time of going to press, though we cannot take responsibility if events are cancelled or changed at short notice. To aid the production of the Beacon newsletter please send information as early in the month as possible, ideally before the 21st, to aid the editing process - thanks & good wishes to everyone!
